The Sanit: Inspector now looking after the work of the Municipality is a Whole time employe of the Taluk Board & the Municipality is contributing a third of his pay and allowance for services rendered to it. If the Mal Council wishes to have a whole time Inspector for their work, the Taluk Bd or the Dt. Bd cannot legitimately raise any objection to the Mal Council exercising its liberty to employ a whole time man in the interests of the work of the Mlty. In this view it seems to be unnecessary to consult the Dt. Bd.

Sir,

Jul29-33-2

In forwarding herewith vernacular correspondence ending with report No.406 dated 29th June 1933 from President of the Alur Union Municipal Council in the matter of employment of a whole time Sanitary Inspector for the said Municipality, I have the honor to state that it is reported that the Municipal Council are of opinion that the existing arrangement of utilizing the services of the Taluk Board Sanitary Inspector for the work of the Municipality is not working properly, as a single hand cannot cope with both the Municipal and Taluk Board works. It appears that for want of a whole-time subordinate to supervise the public works of the Municipality, there have been of late heavy lapses of budget allotments provided for public works year after year. The Municipal Council therefore consider it necessary to employ a whole time Sanitary Inspector and have passed a resolution to that effect at their meeting held on the 16th March 1933. The President has submitted a proposition statement and it is enclosed in the accompanying file. It shows that the entertainment of a Sanitary Inspector involves an average additional cost of Rs 336/- per annum, and the

the funds of the Municipality admit of such an expenditure being incurred, as there is a good surplus available at the credit of the Municipality and as the annual income was Rs 14145/- on the average during the past two years 1920-21 and 1921-22.

2. In these circumstances, I request that you will be so good as to obtain the sanction of Government to the proposal of the Municipal Council to entertain their own Sanitary Inspector, as it is permissible under G.O. No. R. 16474-95/11. 84-16-25 dated 24th June 1919.

3. The favour of an early reply is requested.

I have the honor to be,

Sir,
